

# 2016 - 2017 Annual Report

# Board Greetings

We are so grateful for all of the generous donors and friends who supported our mission during the most recent school year. In this year's letter our President, Sr. Peggy Juskelis, SSND, describes the events during the year that have served to enrich and inspire our students, their families, and the local community. We are grateful for your belief in our mission and

look forward to many years ahead serving the children of Baltimore City. I encourage you to call and set a date to tour the school if you have not visited before. Meet the children your generosity supports, the caring and dedicated faculty and staff, and experience the school setting. Mother Seton Academy is a special place making a difference in the lives of many children and their families. None of this would be possible without your support.

I genuinely look forward to my visits to Mother Seton Academy. I am always greeted warmly and welcomed by each student I meet. The students realize that a Mother Seton Academy education is truly a gift, and are committed to their studies. I am very proud to be a part of this school

community that works so diligently to fulfill its mission of challenging its students to realize their God-given talents and make a difference in the community around them.

As we look ahead to the new school year, the Board of Directors is focused on providing support to our school community as they transition to a new principal. We continue to examine our program and facilities to determine what changes should be made to meet the needs of our students and faculty. Please keep our school community in your prayers as we continue this important work.

Thank you for the kindness and generosity you have shown to Mother Seton Academy over the past year. Your support of our mission makes a difference in the lives of those students who are fortunate to realize the benefits of a Mother Seton Academy education.

Sincerely,

A handwritten signature in black ink that reads "Patrick F. Mutch". The signature is written in a cursive, flowing style.

Patrick Mutch  
Board Chair

# President's Message

When Mother Seton students are asked why they chose to come here for school, they give a wide range of responses. Often they mention a family member or a friend who graduated from here and has gone on to success. For some, they admire the cleanliness and attractiveness of the building. Others merely say that they felt safe and loved here, which is something

we believe is essential here at Mother Seton Academy. There is a unique sense of peace and purpose here that allows the boys and girls to grow their gifts and talents and share them with the broader community.

In this report, you will read about a special project that our art teacher, Ms. Kelsey Walsh, engaged in with our students. This project allowed our students to bring their talents to the neighborhood and share their sense of beauty with others. The heart and effort the children put into it shined through and made a difference in people's lives. Their work brought beauty and joy to all who saw it.

You will also read an update about some of our graduates and the impact Mother Seton Academy has had

on their futures. Through the office of Graduate Support, Mother Seton Academy maintains a close connection with our alumni who have moved on to high school and even as they move on to college. As you will see, this ongoing support system makes a significant difference in their lives and that of their families.

You, too, make a difference in the lives of our boys and girls. Your continuing support has been integral in building hope and changing futures as Mother Seton Academy approaches its twenty-fifth year. Your kindness provides a beautiful, well-equipped facility for our students and a caring, capable staff to care and teach them. Thank you for your support in this past year, and I look forward to our continuing partnership as we provide for the needs of our students and prepare them for assuming their rightful roles in society. With your help, we are truly building futures and changing lives.

May God bless you and those you love.

Sincerely,

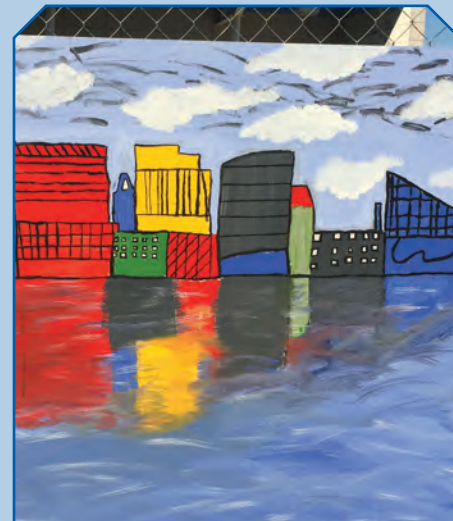

A handwritten signature in purple ink that reads "Sr. Peggy Juskelis, SSND".

Sr. Peggy Juskelis, SSND  
President

In collaboration with Clark Construction and the MTA, Mother Seton Academy students have painted these murals to be displayed on the construction fencing of this future MTA site. The artwork is inspired by Baltimore, MTA transportation, and buildings in the city. Thank you to the students, their families and our volunteers for creating these murals for our surrounding community!

# *Community Connections*

Mother Seton Academy (MSA) had the fantastic opportunity to team up with local partners, Clark Construction and the Maryland Transit Administration (MTA), earlier this year to beautify a building site during construction with a communal mural project coordinated and designed by art teacher, Kelsey Walsh, and the school's students.

To help gain a greater understanding about this project Clark Construction and the MTA gave a presentation to MSA's students about the vital role public transportation has in our city's operations, and the value new construction and increased job opportunities brings to Baltimore. The students enjoyed interacting with the speakers and asking questions about different modes of transportation and the ins and outs of what it's like on a construction site. Later, Ms. Walsh asked each of the art classes to create their own designs based on the presentation given with a focus on construction, transportation, the MTA, or Baltimore. Once all the ideas were submitted, Ms. Walsh incorporated the groups' designs into twelve main panels.

Ms. Walsh worked with Bro. Jesse O'Neil to get a group of MSA students and their parents together to join the staff from Clark Construction and the MTA on a Saturday afternoon to do the final painting of the panels, with the supplies generously donated by Clark Construction. This fun service project was not only educational for our students but also gave our partners the opportunity to share in the joy of working together with the MSA students in a wonderful collaboration that added beauty to our community.

We'd like to give special thanks to Chuck Martin and Nathan Scalla from Clark Construction and Darla Feeheley, Joe Cooper, George Bell, Judy Bellamy, and Wayne Morse from the MTA for their efforts and generosity in helping make this project happen.

# Graduate Highlights

Earlier this year, our Office of Graduate Support took Mother Seton Academy (MSA) alumni on an exploration of potential college campuses. Our first group of fifteen, including graduates, family members, and MSA staff, were treated to a guided tour of Salisbury University given by Andrew Britt a current student of Salisbury and former MSA graduate (Class of '12). The next outing to the University of Maryland, Baltimore County was organized by Lisa Knickmeyer, the Director of Graduate Support, gave the graduates the chance to explore the campus and get an inside look at the class structures and amenities of the facility. Both trips provided a wonderful opportunity for MSA graduates to get a firsthand look at what a college campus is like, how classes are taught, and the differences between universities.

100% graduation rate! We are excited to share that the Class of '12 is celebrating a 100% graduation rate from high school, with 64 % from private Catholic high schools and 36% from public schools.

Taylor Jackson, '15, a junior at the Institute of Notre Dame, and recently completed an eight-week paid Pediatric Specialty internship at Johns Hopkins. Taylor was thrilled with the hands-on experience, educational seminars, and the unique opportunity to see a C-section while shadowing a doctor. She said, "It was a wonderful experience all around, and I learned a lot about real jobs."

Aamir Hall, '16, a sophomore at Mount Saint Joseph High School, and Jalen McCauley-Thomas, '15, junior at Cristo Rey, were accepted into the GBA Leadership Institute run out of Gilman

School. This selective program exposes high school students to business, college, career, and life concepts not typically addressed in the typical school atmosphere.

Janiah Tillery, '13, is attending Roanoke College in Salem, VA to study biology/pre-med on a full financial aid package. In addition to her studies, she has assumed leadership of the college's Weight-lifting Club, a passion she developed at the Mission Fit, a free gym for Baltimore Youth.

Tyler Fisher, '12, was attending college in Dover, DE when he came home between semesters and got a summer job with UPS. The company admired his work ethic and quickly offered him a permanent position. Such a rewarding experience, Tyler accepted the job and moved back to Baltimore. He's continuing to advance his education and career with a Business Administration degree from Towson University.

Berneishia Ellis, '10, is in her senior year at Towson University, working towards a double major in Mass Communications and Business. She recently returned from studying abroad over winter break in London and was hired for her first communications job, working as a junior transcriber at Verb8tm.

*Thank you to all of our  
donors and volunteers*

# 2016-17 Annual Fund Donors

The following list recognizes donors' contributions to the annual fund between July 1, 2016 and June 30, 2017. Every attempt was made to make this list accurate. If your name is missing or inaccurate, please accept our apologies and contact the development office at 410-563-2833.
